B. EXPERIENCE OF THE ORGANIZATION

CED has implemented and is implementing the following projects:

TT	Name of topic, project, task, consulting contract was implemented by CESD	Funder	Period of time (start – finish)	Under the Program	Contract status (finished, continued)
A	CESD Center has presided over the implementation				
1.	Planning and implementing environmental and social safeguards management at the provincial level - under the project Modernizing the Forestry Sector and Strengthening Coastal Resilience (FMCR) in Nghe An Province	Department of Agriculture and Rural Development of Nghe An province (DARD Nghe An)	2021-2024	WB	In progress
2.	Investigate and evaluate negative impacts of hydropower works system in Nghe An province on the environment and propose solutions to minimize the impacts	Department of Natural Resources and Environment of Nghe An Province (DONRE NA)	2019-2021	Career capital for environment protection	continued
3.	Investigating, assessing risks, determining the extent of pollution caused by residues of pesticides, proposing a treatment plan for 4 points in Que Phong district, Quy Chau district	DONRE NA	2018-2020	Career capital for environment protection	continued
4.	Investigate the current environmental status of	DONRE NA	2018-2020	Career capital for	finished

	community water supply stations in rural Nghe An province, propose solutions			environment protection	
5.	Environmental monitoring of project: Construction of Quynh Phuong fishing port, Hoang Mai town, Nghe An province	DARD NA	2016- 2018	WB	finished
6.	Making a commitment to environmental protection works: Upgrading the infrastructure of farming areas to ensure biosafety of Quynh Di ward, Hoang Mai town, Nghe An province	DARD NA	2017	WB	finished
7.	Investigate and evaluate the current state of the slaughtering environment for cattle and poultry in Nghe An province; propose management solutions	DONRE NA	2016- 2017	Career capital for environment protection	finished
8.	Environmental monitoring of subproject phase 2, component 4 under the Project on Disaster Management funded by WB	DARD NA	2016- 2017	WB	finished
9.	Prepare environmental impact assessment reports; Environmental management plan of The culvert project to prevent salinity, keep fresh and improve the environment on the Lam River	Department of Agriculture and Rural Development of Nghe An province (DARD NA)	2015- 2017	JICA	finished
10.	Prepare social impact assessment report and	DARD NA	2015- 2017	JICA	finished

	resettlement plan for the culvert of salinity prevention, freshness and environmental improvement project on Lam river				
11.	Investigate the current status of Nghe An wetlands, propose solutions for protection, use and development	DONRE NA	2015	Career capital for environment protection	finished
12.	Investigate the biodiversity of Pu Hoat natural reserve, propose protection solutions	Department of Science and Technology (DST NA)	2015-2017;	Career capital for Science and technology	finished
13.	Making environmental impact assessment reports; social impact assessment and resettlement plan of the subproject Repair and upgrade of Khe Gang reservoir, Ngoc Son commune, Quynh Luu district under the Dam Repair and Improvement Project (WB8 Project)	DARD NA	2014-2017	WB	finished
14.	Making environmental impact assessment reports; social impact assessment and resettlement plan Subproject on Repair and upgrade of Khe San water reservoir, Quynh Thang commune, Quynh Luu district under Dam Repair and Improvement Project (WB8 Project)	DARD NA	2014-2017	WB	finished
15.	Develop a strategy for management of plant protection chemical polluted	DONRE NA	2015-2016	UNDP	finished

	areas integrated with land use planning, pilot application in a province (Nghe An)				
16.	Investigate, evaluate and develop an environmental protection strategy in Nghe An province to 2020, with a vision to 2030	DONRE NA	2015- 2016	Career capital for environment protection	finished
17.	Investigate the current status of mangroves, especially mangroves of importance to protection, propose restoration plans and set up 3 mangrove planting models associated with livelihoods for local people.	DONRE NA	2015	Career capital for environment protection	finished
18.	Prepare The environmental impact assessment reports; social impact assessment and resettlement plan for subproject phase 2, component 4 of the Project on Disaster Management funded by WB, Nghe An province	DARD NA	2013- 2016	WB	finished
19.	Formulating plan of environmental protection for project: Construction of Quynh Phuong fishing port, Quynh Luu district	DARD NA	2014- 2015	WB	finished
20.	Investigating and assessing the impact of climate change on agricultural production and the resilience of the people in Nghe An province	DONRE NA	2014- 2015	Career capital for environment protection	finished
21.	Investigation and evaluation endangered species in danger of extinction; propose conservation solutions	DONRE NA	2013 - 2014	Career capital for environment protection	finished

22.	Surveying the current status of antibiotic residues, growth stimulants in pork; propose solutions for pork production to ensure food hygiene and safety in Nghe An province	DST NA	2012-2014	Career capital for Science and technology	finished
23.	Study on biodiversity in Pu Xai Lai Leng area of Western Nghe An Biosphere Reserve and propose conservation measures	DST NA	2012-2014	Career capital for Science and technology	finished
24.	Prepare The environmental impact assessment report for the culvert of salinity control and environmental rehabilitation in the downstream of Hoang Mai river (Song Mo) in Nghe An province	DARD NA	2012-2014	Korea	finished
25.	Research and propose solutions for conservation and development of biodiversity in Ngu island, Mat island and coastal sea in Nghe An	DST NA	2011-2013	Career capital for Science and technology	finished
26.	Investigate and assess the current situation of rural waste collection and treatment in districts: Quynh Luu, Nghia Dan, Nam Dan and buiding 3 models of garbage collection	DONRE NA	2012	Career capital for environment protection	finished
27.	Asesement the environmental status of aquaculture in Nghe An province	DARD NA	2012	WB	finished
28.	Investigating and assessing aquaculture environment in Quynh Luu district, proposing overcome solutions	DARD NA	2012	WB 117.275	finished
29.	Environmental impact	TECCO company	2012	TECCO company	finished

	assessment project Construction of Resettlement Area on 72m Road, Nghi Phi Commune, Vinh City				
30.	Supporting poor Kho Mu communities in changing their environmental awareness and developing environmentally friendly economic activities combined with forests for fast income	Ford Foundation	2010-2012	Ford Foundation	finished
31.	Investigation and assessment of environmental status of river basins of Cua Tien river, Cam river, Thai river, Mai Giang river, Dinh river, Hieu river, Nghe An province, proposing solutions to overcome	DONRE NA	2011	Career capital for environment protection	finished
32.	Assessing the environmental status of the central livestock sector in Nghe An province and proposing solutions to limit environmental pollution	DONRE NA	2011	Career capital for environment protection	finished
33.	To develop The Action Plan to Respond to Climate Change of Nghe An Province	DONRE NA	2010-2011	Career capital for environment protection	finished
34.	Investigate the biodiversity of the Western Nghe An Biosphere Reserve, proposing solutions for protection	DONRE NA	2011	Career capital for environment protection	finished
35.	Building coastal estuarine wetland management system based on community in Hung Hoa commune, Vinh city,	WB - MONRE	2010-2011	Award of Vietnam Innovation Day 2010	finished

	Nghe An province			(Number: P232)	
36.	Investigate the current status of processing and aquaculture environment in Nghe An and propose solutions to overcome	DONRE NA	2010	Career capital for environment protection	finished
37.	Evaluate farmers' satisfaction with public services in agricultural production	WB- The Government inspector of Vietnam	2009-2010	Award of Vietnam Innovation Day 2009	finished
38.	Investigate and survey specialty seedlings in Nghe An, propose solutions for conservation and development	DST NA	2008-2010	Career capital for Science and technology	finished
39.	Investigate the current environmental status of Dao and Bung river basins in Nghe An province, and propose solutions to overcome them	DONRE NA	2009	Career capital for environment protection	finished
40.	Capacity building towards the implementation of co-management mechanism in forest protection and management in areas bordering Quy Hop district, Pu Huong Nature Reserve	Global Environmental Facility - GEF	2006-2009	GEF 50.000 USD	finished
